

# Application of Living Shorelines in the Southeast

Tuesday March 15<sup>th</sup>, 2011  
9:30 a.m. – 4:00 p.m.

Betty P. Cook Nassau Center  
76346 William Burgess Blvd.  
Yulee FL 32097

*Living Shorelines* use plants and other natural materials to stabilize the shoreline, minimize coastal erosion and maintain coastal processes while enhancing the natural shoreline habitat for the benefit of property owners as well as fish and other wildlife.

## *Workshop Highlights:*

- Guest Speakers including industry professionals and living shorelines experts from throughout the SE Region
- Detailed Case Studies and Project Implementation Strategies
- Collaboration and Networking Opportunities
- Facilitated discussion on developing Living Shoreline Projects

## *Who Should Attend?*

- Coastal Land Managers
- Natural Resource Agencies
- Developers, Contractors, Consultants, & Engineers
- Planning and Permitting Staff
- Environmental Scientists
- Elected & Appointed Officials
- Landowners & Community Members

**\$15.00 to attend**, includes lunch and all materials

Pre- Registration is required
